Activity: Finding and Locating Books in the AUS Library using Summon and LC Call Numbers

To complete this worksheet you will need to open the Library’s homepage and search Summon, the library’s main discovery tool. Librarians have prepared useful videos to help you with this process. These can be accessed via the Library’s Learning Modules:  http://aus.libguides.com/rlc  - Tab name: Identify Options

1. Select one topic from the list below

<table>
<thead>
<tr>
<th>Human rights</th>
<th>Globalization</th>
<th>Racism</th>
</tr>
</thead>
<tbody>
<tr>
<td>Digital divide</td>
<td>Financial crisis</td>
<td>A topic of your choice</td>
</tr>
</tbody>
</table>

2. Search Summon to find AUS Library resources about your topic.

   a) How many results are listed in total?
   b) How many results are available in Book format?

3. Select a book (not e-book) from the results list. Fill in the necessary information below:

   Title: 
   Author / editor: 
   Date of publication: 
   Call Number: 

4. Find MORE INFORMATION on this book through Summon. What SUBJECTS are listed for this book?

   a) First subject listed: 
   b) Second subject listed: 

5. Now use Summon to find a different book linked to one of the SUBJECTS you have just listed. This book must be published after 2008, it cannot be an e-book, and it must be available.

   Title: 
   Call Number: 

6. Now, using the Call Number, go and find this book in the AUS Library. (You might want to use the General Collection Map to help).

   What is the CALL NUMBER of the book sitting to the right of this one on the shelf? Provide details:
